DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-11, 31-34, and 42, drawn to an exposure apparatus and method and a pressure adjustment for adjusting a pressure of the liquid.

Group II, claim(s) 8, 35, 36, 43-47, and 52, drawn to an exposure apparatus and method and a gas discharge mechanism and a gas discharge port.

Group III, claim(s) 12, 13, 37, 38, 48, and 53, drawn to an exposure apparatus and method and liquid recovery mechanism..

Group IV, claim(s) 14-18, 39-41, 49, 50, and 54, drawn to an exposure apparatus and method and the velocity movement of the substrate stage.

Group V, claim(s) 19-29 and 51, drawn to an exposure apparatus and method and a flow passage having a light transmitting section

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The Groups I-IV are directed to different aspects of an exposure apparatus and a method. The groups do not overlap and scope and are not obvious variants.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
